EDUCATION

The ICT University · YAOUNDE, CAMEROON
B.S. Computer Science · OCT 2022 — JUL 2025

EXPERIENCE

Next-It Solutions · REMOTE
Frontend Developer Intern · NOV 2024 — PRESENT
- Designed an **Effecient Data Fetching** System with **Redux** and **Axios**, preventing extensive API usage and reducing loading times.
- Created the marketplace user interface following intuitive design standards using **React.js** and **Tailwindcss**.
- Implemented a publishers dashboard to manage their catalogue and user settings
- Currently working on Account Recharge and Payments
- Unavailable yet.

PROJECTS

Unihive · REMOTE
Freelance Developer · SEP 2024 — PRESENT
- Designed A suitable Services and Product Marketplace for the sellers to share their catalogue and manage orders using Next.js and Tailwindcss.
- Implemented **Role-based access control** to protect the sellers' interfaces using **NextAuth v5**.
- Implimented an Organised Events System for all univerity events which students may be involved.
- Currently working on Ride-sharing features, Payments and Sellers' subscriptions using **Stripe** and **Paypal**.
- Preview available at **unihive-v1.vercel.app**

Sneaker Deals 237 · YAOUNDE, CAMEROON
Lead Developer · DEC 2023 — FEB 2024
- Designed an **inventory** system to keep track of sneakers stock and suspend product availability with ease.
- Implemented catalogue and orders systems with email notification using **Next.js**.
- Designed the seller dashboard protected by **Clerk** authentication system.
- Discontinued due to problems in the supply chain.
- Available **at sneaker-deals-237.onrender.com**
